

Apparel Brand — Vendor Outreach Worksheet

Fill this out by hand, photograph it, and send it back — the answers here get turned into ready-to-send messages for each vendor listed below.

Section A — Your Details (fill once)

Brand name: _____

Your name: _____

Contact
email/phone: _____

Garments & materials (researched 2026-08-05 against Gymshark/YoungLA — confirm or adjust each row by hand):

Garment	Recommended Material	Weight	Confirm / Adjust
Compression shirt	85-90% polyester (or nylon) / 10-15% elastane	4-way stretch	
Pump cover	100% cotton jersey or 75/25 cotton-nylon	~180-300 GSM	
Hoodie	Heavyweight cotton or 80/20 cotton-poly fleece	~350-500 GSM	
Shorts	~85% polyester / 15% elastane	performance blend	
Sweatpants	Heavyweight cotton or 85/15 cotton-poly terry	~400-500 GSM	

Note: cotton-fleece pieces (pump cover, hoodie, sweatpants) and poly-elastane performance pieces (compression shirt, shorts) are different manufacturing specialties — you may need two vendors, not one. Ask each candidate which of the 5 garments above they actually produce before assuming a single vendor covers everything.

Quantity per garment (first order): _____ units

(target range from domains/apparel-brand-system.md: 50-150 units per design)

Print/decoration method: _____

(e.g. screen print, DTG, embroidery — note if it varies by garment above)

Timeline: looking to place a first order within _____ weeks

Section B — Vendors to Contact

List up to 3 candidate manufacturers. One personalized message gets generated per vendor listed here, using your Section A details.

#	Vendor / Company Name	Contact (email/site/phone)	Where found / notes
1			
2			
3			

Reference — what to evaluate once samples come back

MOQ fits the 50-150 unit range · sample turnaround time · quoted production lead time · quality of the **paid** sample (not just photos) · a verifiable reference or review history.
