

Sales Job — Daily Appointment Log

Print one copy per work day. Target: minimum 18% close rate (stretch 20%) at 15–18 appointments/week, by 2026-11-08. Full system: domains/sales-job.md.

Date: _____

Day of Week: _____

Time	Prospect / Company	Contact	Outcome (circle)	Deal Value \$	Objection(s) Raised	Notes / Next Step
			C / NC R / NS			
			C / NC R / NS			
			C / NC R / NS			
			C / NC R / NS			
			C / NC R / NS			
			C / NC R / NS			

Outcome key: C = Closed NC = Not Closed R = Rescheduled NS = No-Show

End of day: log every appointment above before you leave the last one, even the ones that didn't close. If the pull toward a numbing agent shows up here — return to the breath before deciding whether to log or not.

Sales Job — Weekly Summary

Fill out during the weekly review (Sunday night or Monday morning). Pull the daily totals from that week's Daily Appointment Log sheets.

Week Start: _____ Week End: _____

Day	Appointments Run	Closes
Mon		
Tue		
Wed		
Thu		
Fri		
Sat		
Sun		
Total		

Close Rate = Total Closes ÷ Total Appointments
Run = _____

vs. 18% Minimum: ☐ Met ☐ Below

vs. 20% Stretch: ☐ Met ☐ Below

Which time slot(s) underperformed this week? (fatigue check)

One adjustment for the coming week:

This sheet is the paper version of domains/sales-job-appointment-log.xlsx (Weekly Summary tab) and domains/sales-job.md's System section.
